

## **Change of E.S.L.A. Plc's Administrator's Representative**

Nii Amanor Dodoo has retired from the partnership of KPMG in Ghana with effect from 30 September 2019. As a result of this, he will no longer serve as a representative of the Administrators of E.S.L.A. Plc.

Daniel Samoah Adoteye, a Partner in the Advisory unit of KPMG has taken over Nii Amanor's role in E.S.L.A. Plc. effective 1 October 2019.

Daniel is a qualified Management Accountant who has over the years been involved in project management, change enablement, process design, diagnostic reviews and the design and implementation of financial systems.

Daniel has extensive project management skills, acquired from the various engagements he has led and managed for various client projects in diverse industries including the government sector, non-governmental agencies, oil & gas, telecommunications, consumer markets and financial services.

He has also designed and implemented financial management systems for both public sector and private organisations within and outside Ghana and carried out management audits for international organisations within the African region.

We are confident that he will be a suitable replacement for Amanor.
