## ALUWORKS LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 30TH SEPTEMBER 2020

#### REPORTING ENTITY 1.

Aluworks Limited is a company registered and domiciled in Ghana. The address of the company's registered office can be found on page 2 of this report. The company is authorised to carry on the business of continuous casting and cold rolling of aluminium products.

#### BASIS OF PREPARATION 2.

#### Statement of compliance a.

The financial statements of Aluworks Limited have been prepared in accordance with International

#### b. Basis of measurement

They are prepared on the historical cost basis except for property, plant and machinery at revalued amounts and financial instruments and other assets that are stated at fair values.

#### Functional and presentational currency C.

The financial statements are presented in Ghana Cedis (GH¢) which is the company's functional

#### SIGNIFICANT ACCOUNTING POLICIES 3.

The accounting policies set out below have been applied consistently to all periods presented in these

#### Property, Plant and Equipment (a)

#### Recognition and measurement (i)

Property, plant and equipment are carried at fair value less subsequent depreciation. The fair values are determined periodically by external, independent, professional valuers. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

The revaluation increase arising on the revaluation of property, plant and equipments are credited to the

Decreases that offset previous increases of the same asset are charged against the non-distributable reserve. All other decreases are charged to the statement of comprehensive income.

If property becomes an investment property because its use has changed, any difference arising between the carrying amount and the fair value at the date of transfer is recognised in equity as a revaluation of property. If a fair value gain reverses a previous impairment loss, the gain is recognised in the statement of comprehensive income. On disposal of such investment property, any surplus previously recorded in 8

# 3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The cost of self-constructed assets includes the cost of materials and direct labour, and any other costs directly attributable to bringing the asset to a working condition for its intended use. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components).

### (ii) Subsequent costs

The cost of replacing part of an item of property, plant or equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow plant and equipment are recognised in income statement as incurred.

### (iii) Depreciation

Depreciation is recognised in the statement of comprehensive income on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives. Land is not depreciated.

The estimated useful lives for the current and comparative periods are as follows:

Plant, machinery and equipment

Motor vehicles

Leasehold land and buildings

- 5 – 12.5 years

5 years

over period of lease

Depreciation methods, useful lives and residual values are reassessed at each reporting date. Gains and losses on disposal of property, plant and equipment are included in the income statement.

### (b) Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is based on the weighted average principle, and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated costs necessary to make the sale.

## (c) Trade and Other Receivables

Trade receivables are stated at amortised costs, less impairment losses. Specific allowances for doubtful debts are made for receivables of which recovery is doubtful.

Other receivables are stated at their cost less impairment losses.

## (d) Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and bank balances and these are carried at amortised cost in the statement of financial position.

#### (e) Revenue

#### Sale of goods

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns, trade discounts, taxes and volume rebates. Revenue is recognised when the significant risks and rewards of the ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement in the goods, and the amount of revenue can be measured reliably.

#### Sale of services

Revenue from services rendered is recognised in the income statement when the service is performed.

#### Finance Income and Expense (f)

Finance income comprises interest income on funds invested (including available-for-sale financial assets) and dividend income. Interest income is recognised in the statement of comprehensive income using the effective interest method. Dividend income is recognised in the statement of comprehensive income on the date that the company's right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

Finance expenses comprise interest expense on borrowings. All borrowing costs are recognised in the statement of comprehensive income using the effective interest method.

#### (g) Income Tax

Income tax expense comprises current and deferred tax. The company provides for income taxes at the current tax rates on the taxable profits of the company.

Income tax is recognised in the statement of comprehensive income except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

#### (h) Earnings per Share

The company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the company by the number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.
