The Company intends to fund the Aggregate Tender Consideration with drawings under its \$400 million five-year notes facility agreement with Glencore Energy UK Limited which was entered into on November 11, 2023. The Company intends to fund all Accrued Interest Payments on Notes accepted for purchase pursuant to the Tender Offer with cash on hand.

ING Bank N.V., London Branch and Standard Chartered Bank are acting as lead dealer managers (the “**Lead Dealer Managers**”) and Absa Bank Limited (acting through its Corporate and Investment Banking Division), DNB Markets, Inc., J.P. Morgan Securities LLC, Nedbank Limited (acting through its Nedbank Corporate and Investment Banking Division) and The Standard Bank of South Africa Limited are acting as co-dealer managers (the “**Co-Dealer Managers**”) and, together with the Lead Dealer Managers, the “**Dealer Managers**”) for the Tender Offer. Morrow Sodali Limited is acting as the information and tender agent (the “**Information and Tender Agent**”) for the Tender Offer.

The Company will, on the applicable Payment Date, pay for Notes validly tendered at or before the Early Tender Deadline pursuant to the Tender Offer and accepted by it for purchase, a cash amount (rounded to the nearest U.S.\$0.01), expressed per U.S.\$1,000 principal amount of the Notes (the “**Clearing Price**” or “**Early Tender Offer Consideration**”, as applicable), as determined pursuant to the modified Dutch auction procedure described in the Offer to Purchase (the “**Modified Dutch Auction Procedure**”), which purchase price includes the Early Tender Offer Premium of U.S.\$50.00 per U.S.\$1,000 principal amount of the Notes. The Company will, on the Final Payment Date, pay for Notes validly tendered after the Early Tender Deadline but at or before the Expiration Deadline pursuant to the Tender Offer and accepted by it for purchase, a cash amount (rounded to the nearest U.S.\$0.01), expressed per U.S.\$1,000 principal amount of the Notes (the “**Late Tender Offer Consideration**”), which is the Early Tender Offer Consideration (which will be equal to the Clearing Price) *minus* the Early Tender Offer Premium.

Only Notes validly tendered at or before the Early Tender Deadline and accepted for purchase will be eligible to receive the Early Tender Offer Consideration, which includes the Early Tender Offer Premium. Notes validly tendered after the Early Tender Deadline but at or before the Expiration Deadline and accepted for purchase will be eligible to receive only the Late Tender Offer Consideration, which is equal to the Early Tender Offer Consideration *minus* the Early Tender Offer Premium. Each of the Early Tender Offer Consideration and the Late Tender Offer Consideration is referred to herein as the applicable or relevant “**Consideration**,” as the case may be.

The Company reserves the right, in its sole discretion and for any reason, subject to applicable securities laws and the terms set forth in the Offer to Purchase, to change the Aggregate Tender Consideration or to accept less or more than the Aggregate Tender Consideration of Notes tendered for purchase pursuant to the Tender Offer. The Company will determine, in its sole discretion, the aggregate principal amount of the Notes validly tendered pursuant to the Tender Offer that it will accept for purchase. If, at the Early Tender Deadline, the aggregate cash consideration payable, excluding any accrued and unpaid interest, validly tendered accepted for purchase is equal to the Aggregate Tender Consideration, the Company reserves the right, at its option, not to accept any additional Notes tendered by Holders after the Early Tender Deadline.

In addition to the applicable Consideration, Holders whose Notes have been accepted for purchase pursuant to the Tender Offer will also be paid accrued and unpaid interest in respect of any Notes purchased in the Tender Offer

from, and including, the last interest payment date to, but excluding, the Early Payment Date (if any) or the Final Payment Date (each, as defined below), as the case may be (such amount, rounded to the nearest U.S.\$0.01 with U.S.\$0.005 rounded upwards an “**Accrued Interest Payment**”).

Subject to the terms and conditions of the Tender Offer, the Company reserves the right, in its sole discretion, promptly following the Early Tender Deadline (the “**Early Acceptance Date**”), to accept for purchase the Notes validly tendered at or before the Early Tender Deadline, up to the Aggregate Tender Consideration. If the Company elects to exercise this option, it will pay the Early Tender Offer Consideration for the Notes accepted for purchase at the Early Acceptance Date on a date (the “**Early Payment Date**”) promptly following the Early Acceptance Date. Such Early Payment Date, if any, is expected to be December 4, 2023, two Business Days after the Early Acceptance Date, but is subject to change without notice. Also, on the Early Payment Date, if any, the Company will pay the relevant Accrued Interest Payment to, but excluding, the Early Payment Date, on Notes accepted for purchase at the Early Acceptance Date. If the Company does not elect to have an Early Payment Date, payment for such Notes will be made on the Final Payment Date.

Subject to the terms and conditions of the Tender Offer, and to the Company’s right, in its sole discretion (subject to applicable law), to extend, amend, terminate or withdraw the Tender Offer, the Company reserves the right, after the Expiration Deadline (the “**Final Acceptance Date**”), to accept for purchase the Notes validly tendered and not previously accepted (if any) at or before the Expiration Deadline, up to (together with any Notes previously accepted) the Aggregate Tender Consideration. The Company will pay the Late Tender Offer Consideration for Notes validly tendered after the Early Tender Deadline and at or before the Expiration Deadline and accepted for purchase at the Final Acceptance Date on a date (the “**Final Payment Date**”) promptly following the Expiration Deadline. Such Final Payment Date, if any, is expected to be December 20, 2023, three Business Days after the Final Acceptance Date, but is subject to change without notice. Also, on the Final Payment Date, the Company will pay the relevant Accrued Interest Payment to, but excluding, the Final Payment Date on Notes validly tendered and accepted for purchase at the Final Acceptance Date. Each of the Early Payment Date (if any) and the Final Payment Date is referred to herein as the relevant or applicable “**Payment Date**,” as the case may be.

The acceptance for purchase of Notes tendered in the Tender Offer is subject to the satisfaction or (in the Company’s sole discretion) waiver of certain conditions, further described in the Offer to Purchase.

The Company reserves the right, in its sole discretion but subject to applicable law, to (1) extend, terminate or withdraw the Tender Offer at any time and (2) otherwise amend the Tender Offer in any respect. The foregoing rights are in addition to the right to delay acceptance for purchase of Notes tendered pursuant to the Tender Offer or the payment for Notes accepted for purchase pursuant to the Tender Offer in order to comply with any applicable law, subject to Rule 14e-1 under the U.S. Securities Exchange Act of 1934 (the “**Exchange Act**”), which requires that the Company pay the consideration offered or return the deposited Notes promptly after the termination or withdrawal of the Tender Offer.

MODIFIED DUTCH AUCTION PROCEDURE

To be eligible to receive the applicable Consideration pursuant to the Tender Offer, Holders must validly tender their Notes for purchase by delivering, or arranging to have delivered on their behalf, a valid Tender Instruction that is received by the Information and Tender Agent on or before the Expiration Deadline.

Holders are advised to check with any bank, securities broker or other intermediary through which they hold Notes when such intermediary would need to receive instructions from a Holder in order for that Holder to be able to participate in, or (in the limited circumstances in which revocation is permitted) revoke their instruction to participate in, the Tender Offer by the deadlines specified in the Offer to Purchase. The deadlines set by any such intermediary and each Clearing System for the submission and withdrawal of Tender Instructions will be earlier than the deadlines specified in the Offer to Purchase.

Except in limited circumstances that are further described in the Offer to Purchase, Tender Instructions will be irrevocable once delivered in accordance with the terms of the Tender Offer.

At or before the Early Tender Deadline, Tender Instructions relating to the Notes may be submitted on a “non-competitive” or a “competitive” basis as follows:

- a “**Non-Competitive Tender Instruction**” is a Tender Instruction that specifies the aggregate principal amount of the Notes tendered pursuant to such Tender Instruction (which must be in principal amounts equal to a minimum of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof) that either (i) does not specify a purchase price for the Notes, or (ii) specifies a purchase price per U.S.\$1,000 principal amount less than or equal to the Minimum Purchase Price. Each Non-Competitive Tender Instruction, whether falling within (i) or (ii) above, will be deemed to have specified the Minimum Purchase Price for the tendered Notes; and

- a “**Competitive Tender Instruction**” is a Tender Instruction that specifies the aggregate principal amount of the Notes tendered pursuant to such Tender Instruction (which must be in principal amounts equal to a minimum of U.S.\$200,000 and in integral multiples of U.S.\$1,000 in excess thereof) and a purchase price (i) greater than the Minimum Purchase Price and (ii) less than or equal to the Maximum Purchase Price for the Notes. Purchase prices may only be specified in increments of U.S.\$1.25 per U.S.\$1,000 principal amount above the Minimum Purchase Price in such Competitive Tender Instructions. If a Competitive Tender Instruction specifies a purchase price that is not an increment of U.S.\$1.25 per U.S.\$1,000 principal amount, the purchase price so specified shall be rounded down to the nearest such increment of U.S.\$1.25 per U.S.\$1,000 principal amount above the Minimum Purchase Price, and such Competitive Tender Instruction shall be deemed to have specified such rounded figure as the purchase price. If a Competitive Tender Instruction specifies a purchase price less than U.S.\$1.25 per U.S.\$1,000 principal amount above the Minimum Purchase Price, the purchase price shall be rounded down to the Minimum Purchase Price and will be deemed to be a Non-Competitive Tender Instruction.

Competitive Tender Instructions that specify a purchase price greater than the Maximum Purchase Price or below the Minimum Purchase Price will not be accepted and will not be used for purposes of calculating the Clearing Price. The final determination of the Clearing Price will be made at the Company’s sole discretion promptly following the Early Tender Deadline, on the Early Acceptance Date.

After the Early Tender Deadline and at or prior to the Expiration Deadline, only Non-Competitive Tender Instructions will be accepted and any purchase price specified with respect to the Notes you validly tender shall be disregarded and not used for the purposes of calculating the Clearing Price, and you shall be deemed to have tendered with a purchase price equal to the Clearing Price and shall be eligible to receive only the Late Tender Offer Consideration (and will not be eligible to receive the Early Tender Premium).

Each Tender Instruction should specify the aggregate principal amount of the Notes which is the subject of such Tender Instruction.

Tender Instructions must be submitted in minimum denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 excess thereof (the “**Authorized Denominations**”).

A separate Tender Instruction must be completed on behalf of each beneficial owner, due to potential proration.

ACCEPTANCE PRIORITY AND PRORATION

If the purchase of all Notes validly tendered at or prior to the Early Tender Deadline with a purchase price that is equal to or less than the Maximum Purchase Price would cause the Company to pay an aggregate cash consideration more than the Aggregate Tender Consideration, then the Tender Offer will be oversubscribed at the Early Tender Deadline and (i) the Company reserves the right not to accept for purchase any Notes tendered after the Early Tender Deadline and (ii) the Company will (assuming satisfaction or, where applicable, waiver of the conditions to the Tender Offer) accept for purchase on the Early Acceptance Date (or, if there is no Early Acceptance Date, the Final Acceptance Date), the Notes tendered at or prior to the Early Tender Deadline as follows:

- first, the Company will accept for purchase all Notes validly tendered at or prior to the Early Tender Deadline with a purchase price that is less than the Clearing Price; and
- second, the Company will accept for purchase all Notes validly tendered at or prior to the Early Tender Deadline with a purchase price equal to the Clearing Price on a prorated basis, such that the Company will not accept for purchase Notes of an aggregate principal amount that would lead to the aggregate Early Tender Offer Consideration being in excess of the Aggregate Tender Consideration. The Early Payment Date proration factor (if applicable) will be calculated by dividing (i) the Aggregate Tender Consideration less the aggregate Early Tender Offer Consideration of the Notes accepted for purchase at the Early Tender Deadline that are not subject to proration, by (ii) the aggregate Early Tender Offer Consideration of the Notes validly tendered in the Tender Offer prior to the Early Tender Deadline at the Clearing Price that are subject to proration.

If the Tender Offer is oversubscribed at the Early Tender Deadline, then the Company reserves the right, at its option, to issue a press release promptly after the Early Tender Deadline stating that Notes tendered after the Early Tender Deadline will not be purchased pursuant to the Tender Offer.

If the Tender Offer is not oversubscribed at the Early Tender Deadline but the purchase of all Notes validly tendered after the Early Tender Deadline and at or prior to the Expiration Deadline, when considered together with the cash consideration payable in respect of Notes accepted for purchase as of the Early Tender Deadline, would cause the Company to pay an aggregate cash consideration in excess of the Aggregate Tender

Consideration, then the Tender Offer will be oversubscribed at the Expiration Deadline and the Company will (assuming satisfaction or, where applicable, waiver of the conditions to the Tender Offer) accept for purchase on the Expiration Deadline, such Notes tendered after the Early Tender Deadline on a prorated basis, such that the Company will not pay an aggregate cash consideration in excess of the Aggregate Tender Consideration. The Final Payment Date proration factor (if applicable) will be calculated by dividing (i) the Aggregate Tender Consideration less the aggregate Early Tender Offer Consideration of the Notes accepted for purchase at the Early Tender Deadline, by (ii) the aggregate Late Tender Offer Consideration of the Notes validly tendered in the Tender Offer after the Early Tender Deadline but prior to the Expiration Deadline.

All Notes not accepted as a result of proration and all tenders of Notes with a purchase price in excess of the Clearing Price will be rejected on the respective payment date.

If any Notes are purchased in the Tender Offer, Notes tendered with a purchase price equal to or less than the Clearing Price at or prior to the Early Tender Deadline will be accepted for purchase in priority to Notes tendered after the Early Tender Deadline and at or prior to the Expiration Deadline. Accordingly, if the Aggregate Tender Consideration is reached in respect of tenders made and accepted at or prior to the Early Tender Deadline, no Notes tendered after the Early Tender Deadline will be accepted for purchase.

In the event proration is required, the Company will multiply the principal amount of Notes subject to proration by the applicable proration factor. To avoid purchases of Notes in principal amounts other than in denominations of U.S.\$200,000 principal amount and integral multiples of U.S.\$1,000 principal amount in excess thereof (the “**Authorized Denominations**”) and to ensure the Company returns Notes in Authorized Denominations, if necessary, the Company will make appropriate adjustments downward to the nearest U.S.\$1,000 principal amount or, if applicable, the minimum Authorized Denomination. If application of proration will result in either (i) the relevant Holder transferring Notes to the Company in a principal amount of less than U.S.\$200,000 or (ii) Notes in a principal amount of less than U.S.\$200,000 being returned to a Holder, then the Company will, in its sole and absolute discretion, either reject all or accept all of such Holder’s validly tendered Notes, without proration. Notes not accepted for purchase as a result of pro-ration will be returned to the relevant Holder on the respective Payment Date. Holders who tender less than all their Notes must continue to hold Notes in Authorized Denominations.

If proration of the tendered Notes is required, the Company will determine the applicable proration factor as soon as reasonably practicable following the Early Tender Deadline or the Expiration Deadline, as the case may be, and after giving effect to any increase or decrease in the Aggregate Tender Consideration.
